Italian Women & Italian Wine.

Maybe you already know that one out of three wineries in Italy is in the hands of women.

But did you know that some of them even sing about their wine ?

Here is the video of the Sicilian power woman Jose Rallo of [Donnafugata](#) who sings about her Italian wine “Mille e un Notte” (Thousand and One nights). “An older man is like an elegant wine” – the most appropriate song for this award winning full bodied Sicilian Wine.

Of course you can find [Mille e una notte](#) and other [Donnafugata](#) Italian wines on [byitaly](#).
