All the courses are held in English and include the WSET certificates issued upon passing the final exam.

One of the characteristics that makes the WSET's training offer special is the choice of **venues for the courses which are always prestigious production realities**, where orientation towards quality is the norm: lo and behold Wine Academy Italia, for the 2015 courses, chose the wineries: Masi in Veneto, Lungarotti in Umbria and **Donnafugata in Sicily**.

The next appointment **from 23 to 27 November** at the historic cellars of Donnafugata in Marsala, with the **WSET Level 3**. The objective of this course is to provide a detailed and even more advanced analysis of the major wines and spirits of the world.

The focus will be on the in-depth study of the style and quality of products, as well as the development of a technical language, in English, for even more effective relationships with international clients and interlocutors.
