National Programme for Young Adults, Women and Work 2021-2027

Public notice New Skills Fund. Skills for Innovation (Fnc3)

V.I.T.E. PLAN VALUE ENHANCEMENT OF DIGITAL INNOVATION AND EFFECTIVE TECHNOLOGIES

APPLICATION FNC3-S- 09739 approved on 20/03/2026

Part of the funded initiative, the training programme addresses the company's digitalisation and innovation needs. The project supports the drive towards digital innovation, promoting the growth and development of new staff skills as a lever for boosting competitiveness. The aim is to strengthen the company's market position and foster a resilient, forward-looking organisational culture.

Maximum contribution: €26,680.50

Training hours: 176

Workers undergoing training: 17

"The New Skills Fund: Skills for Innovation"

is a Europa 27 project, i.e. an initiative of strategic importance under the 2021-2027 National Programme for Young Adults, Women and Work, co-funded by the European Union.

The measure is aimed at businesses and is designed to promote innovation and create new jobs: it seeks to enhance the skills of workers in order to meet the challenges of digitalisation, environmental sustainability and energy efficiency.

The Fund reimburses the cost of working hours spent attending skills development courses.
